

ENVIRONMENTAL POLICY

SCHILLER Medical guarantees an environmentally friendly approach.

We are committed to developing our Environmental Management System in accordance with ISO 14001: 2015 for our design, development, manufacturing, sales, and after-sales activities for medical devices.

Our environmental policy is an integral part of the company's strategy. It is structured around the following objectives:

PROMOTE

an eco-design and purchasing policy development, aimed to reduce our environmental impact

MEET

international and local regulations and other requirements

MINIMIZE

our carbon emissions by promoting home office and developing appropriate communication tools to reduce our travels:

- We are committed to promoting a greener transportation (cycling, train, electric cars)
- We are committed to installing electric car charging stations in our corporate parking lot

COMMUNICATE

an open and transparent manner with all our interested parties

MAKE STAFF

virtuous actors in this process and environmental improvement through training, information and awareness

IMPROVE

continuously our environmental performance

TAKE INTO

CONSIDERATION and meet relevant environmental needs and expectations of stakeholders
